

# European Coating Symposium 2025

16<sup>th</sup>-18<sup>th</sup> September 2025  
A Coruña, Spain

## ECS 2025 Chairs

Anne Gosset, University of A Coruña

Javier Rodríguez, University Carlos III de Madrid

## Topics

- Challenges in coating processes
- Applications of Artificial Intelligence to Coating Processes
- Fundamentals in wetting and wicking dynamics
- Diffusion, heat & mass transfer
- Free surface flows
- Additive manufacturing; 3d lithography, fused deposition, etc
- Adaptive coating control
- Paints, varnishes, adhesives
- Freezing contact line, icing, anti-icing coatings, condensation
- Digital printing, ink jet technology
- Liquid drop jetting and aerosol printing technologies
- Coatings for photovoltaic, marine and offshore, and metallurgical applications

## Key dates

Abstract submission deadline <b>March 15<sup>th</sup>, 2025</b>
Notification of acceptance <b>April 30<sup>th</sup>, 2025</b>
Early bird registration deadline <b>June 15<sup>th</sup>, 2025</b>
ECS pre-conference training <b>Sept. 15<sup>th</sup>, 2025</b>
ECS 2025 conference <b>Sept. 16<sup>th</sup> - 18<sup>th</sup>, 2025</b>
